

**Joint meeting**  
**Danish Epilepsy Society & the Danish Society of Sleep Medicine**  
**5. - 6. March 2010**  
**Scandic Copenhagen**

**Sleep and Epilepsy:**  
**epilepsy syndromes and parasomnias**

09.00 - 09.30                      Arrival and registration

**Friday, 5 March 2010**

09.30 - 09.45                      Introduction and welcome (NBA)

**Sleep disorders and epilepsy**

*Chairman: Jesper Gyllenborg*

09.45 - 10.15                      Sleep disorders and nocturnal seizures in children and adults: a differential diagnostic challenge (Poul Jennum)

10.15 - 10.45                      NREM parasomnias in children and adults (Jørgen Alving)

10.45 - 11.15                      *Break*

**NREM epilepsies**

*Chairman: Jørgen Alving*

11.15 - 12.00                      Frontal lobe seizures related to sleep (Péter Halász)

12.00 - 12.30                      CSWS – ESES (Marina Nikanorova)

12.30 - 13.45                      *Lunch*

### **Sleep related movement disorders versus epileptic seizures during sleep**

*Chairman: Poul Jennum*

- |               |   |
|---------------|---|
| 13.45 - 14.30 | Sleep related myoclonias and propriospinal myoclonus. Definition, cause, pathophysiology and management (Luigi Ferrini-Strambi) |
| 14.30 - 15.00 | RBD and other sleep related movements disorders (Michaela Gjerstad)   |
| 15.00 - 15.20 | Cognitive functions in RBD (Marielle Zoetmulder)  |
| 15.20 - 15.40 | Sleep apnea and epilepsy (Benedikte Wanscher)   |
| 15.40 - 16.10 | <i>Break</i>  |
| 16.10 - 17.15 | Lecture competition   |
| 17.00 - 17.15 | <i>Break</i>  |
| 17.15- 18.30  | Neurobowl (Jørgen Alving, Sándor Beniczky, Poul Jennum)   |

**19.30**                    **Gala dinner with music**

### **Saturday, 6 March 2010**

- |               |  |
|---------------|--|
| 08.30 - 10.00 | General assembly (Danish Epilepsy Society) |
| 10.00 - 10.30 | <i>Break</i>                               |

### **Diagnostic and Management of sleep related syndromes**

*Chairwomen: Noémi Becser Andersen*

- |               |  |
|---------------|--|
| 10.30 - 11.00 | Movement disorders and hallucinations in central hypersomnias (Stine Knudsen).       |
| 11.00 - 11.30 | The modulating effect of sleep on interictal epileptic discharges (Sándor Beniczky). |
| 11.30 - 11.45 | Automatic spike-detection and quantification in CSWS (Mary D. Atkins).               |
| 11.45 - 12.15 | Effects of AEDs on sleep (Noemi Becser Andersen)                                     |
